About GSM

Known as one of the biggest private higher education providers in UK, GSM London embodies a uniquely dynamic and entrepreneurial student base. GSM London has been delivering practical and career-focused degree programmes for over 40 years, helping students to recognise their talents and build strengths to support their learning and personal development.

GSM London takes pride in its prestigious partnership with University of Plymouth, which enables our students to gain a degree awarded by one of the UK's top modern universities. Additionally, we have been awarded the QAA Quality Mark for meeting and exceeding UK expectations for quality and standards, which contributes to our reputation as a leading private higher education provider. Currently accommodating more than 4,000 students in the historic Greenwich Campus and the London Bridge study centre, GSM London provides a range of business-related degrees, including BSc, MSc and MBA programmes.

Inclusivity is at the heart of GSM London, with all ages and cultures embraced, proving that we truly value the diversity of our staff and students and we support them to fulfil their aspirations, regardless of their background.

We aim to attract and retain the best talent by providing multiple opportunities for growth and professional development, while nurturing a desired work/life balance, offering flexibility, benefits and a generous annual leave allowance.

GSM London supports establishing networks and focuses on professional and personal growth and development. Working at GSM London will give you the satisfaction of contributing to changing students' lives and helping them realise their bold dreams.

Our Students

There are more than 4,000 students who are studying for a range of business-related degrees, including BSc, MSc and MBA programmes. GSM London is genuinely inclusive, helping students to realise their aspirations whatever their situation. Students are encouraged to have bold dreams and the focus is on employability from day one.

Widening Access

The College differentiates itself from other providers in higher education by embracing opportunities of diversity and inclusion. The majority of students are from the local BAME communities, are mature, often working and have family responsibilities. The three intakes a year give students more choice about their start date onto the programmes. The unusual, dynamic and entrepreneurial student base has allowed the College to develop and pioneer exciting initiatives including the introduction of strengths based learning.
